## **K&K CIRCULAR ISSUANCE OF REGULATION FOR IP LICENSE RECORDATION**

We are pleased to inform you that effectively as of 25 February 2016, the Indonesian government, through the Ministry of Law and Human Rights of the Republic of Indonesia, officially issued a Minister Regulation that specifically regulate provisions addressing the recordation of IP licenses with the Indonesian IP Office. This piece of regulation has been long pending for many years, and has caused uncertainty to the implementation of the obligation to record the grant of IP licenses in Indonesia, particularly on the rights for license holder to enforce the rights it holds.

The regulation stipulates that the recordal license will valid for 5 years, and may be extended upon further application.

We would be pleased to attend to any inquiries pertaining to the above.

Yours sincerely,
