THE WORLD'S LEADING TRADEMARK PROFESSIONALS 2016

Our Intellectual Property team are honoured to be selected by World Trademark Review (WTR 1000) in the gold tier this year for numerous endorsements of its prosecution abilities and negotiation of licenses. World Trademark Review is the world's only independent daily news and information service dedicated exclusively to reporting on trademark issues for in-house and private practitioners internationally.

Quote from the publication as a firm with "A strong background in enforcement underpins its cradle-to-grave service. As Bird & Bird's representative office in Indonesia, it offers truly global protection to myriad household names. Distinguished enforcement specialist and firm leader Justisari Perdana Kusumah is the driving force behind its rapid growth. Risti Wulansari makes her WTR 1000 debut this year for her stellar negotiation of licences."

Justi's details profile and achievements have also published in the WTR 1000 2016 Edition.
